GOUVÈNÈ KATHY HOCHUL

GOUVÈNÈ HOCHUL ANONSE RELANSMAN INISYATIV #VAXTOSCHOOL POU VAKSEN COVID-19

Kanpay pou ankouraje vaksinasyon COVID-19 pamti timoun ki nan laj pou lekòl yo

Sit tanporè yo nan Eta a pral bay aksè ekitab nan vaksinasyon COVID-19 yo

Gouvènè Kathy Hochul te anonse jodi a relansman #VaxtoSchool (vaksen pou lekòl) nan tout eta a ki gen plizyè aspè ki vize ogmante pousantaj vaskinasyon COVID-19 pamti Nouyòkè ki gen laj pou lekòl yo. Kanpay la ranfòse angajman Gouvènè Hochul pou asire aksè ekitab nan vaksen yo ak pou fè sante ak byennèt elèv, pwofesè ak fanmi yo tounen yon priyore prensipal.

"Pandan n ap pepare pou kòmansman ane lekòl la ak tout sezon otòn lan, li enpòtan anpil pou nou fè tout sa nou kapab pou pwoteje Nouyòkè ki pi jèn nou yo", **Gouvènè Hochul te deklare.** "Nan elimine baryè ki genyen pou aksè nan vaksen yo, patenarya sa yo pral pèmèt Eta New York kontinye pwoteje sante ak sekirite manm kominate ki pi vilnerab nou yo epi kenbe lekòl nou yo ouvri. Relansman kanpay #VaxtoSchool ki gen siksè nou an pral sipòte Plan Aksyon Otòn nou an, epi asire n ap bay Nouyòkè yo resous yo bezwen pou pwoteje tèt yo kont maladi grav oswa entène lopital akòz COVID-19".

Kanpay #VaxtoSchool, resous ak materyèl enpòtan pou paran ak responsab timoun ki gen laj pou lekòl yo ak lekòl yo disponib nan ny.gov/vaxtoschool. Sit la gen ladan [enfòmasyon](#), ak yon [Kesyon yo Poze Souvan \(FAQ\)](#) pou paran ak responsab yo.

Komisè Sante, Doktè Mary T. Bassett, te deklare, "Gen kèk timoun ki fè fas ak obstak pou yo resevwa vaksen ak dòz rapèl COVID-19 yo men gras ak lidèchip Gouvènè Hochul, patenarya #VaxForKids yo pral ede asire aksè ekitab nan vaksen COVID-19 pou timoun ki gen mwens pase 12 ane. Piske timoun yo ka pran COVID-19 ak devlope maladi grav, epi vaksinasyon an rete pi bon pwoteksyon yo kont viris la ak varyan li yo, mwen ankouraje tout paran ak responsab yo pou fè timoun yo pran vaksen anvan yo tounen lekòl".

Prezidan SOMOS Community Care, Doktè Ramon Tallaj, te deklare, "Jodi a reprezante yon gran pa an avan. Tankou nou menm, pasyan nou yo diferan. Pifò pa

pale Angle, epi anpil pa kwè nan lopital enstitisyonèl yo oswa chèn famasi kòporatif yo - men yo kwè nan doktè fanmi yo. Se la nou entèvni. Pedyat nou yo ap trete timoun sa yo depi yo fèt epi rezo SOMOS nou an mobilize pou travay fanmi pa fanmi, pandan kèk mwa k ap vini yo avèk plizyè santèn milye paran pou asire yo fè ptit yo vaksinen, pou kontinye rekiperasyon vil la - epi asire kòmansman lekòl la an sekirite, an sante ak san entèripsyon. Nou konnen ptit nou yo se resous ki pi presye nou epi sa p ap fasil, men nou remèsyé Gouvènè Hochul ak Doktè Bassett pou lidèchip ak patenarya yo".

Direktè Egzekitif Jeneral Inverse Medical, Johonniuss Chemweno, te deklare,
"Enfeksyon ak ospitalizasyon akòz COVID-19 te ogmante dènyèman nan Eta New York avèk novo varyan yo. FDA te bay apwobasyon dènyèman pou timoun 6 mwa ak pi gran yo pou plizyè vaksen ARNm epi pral pwouve yo twò solid pou batay kont viris la ki te boulvèse kominote nou yo. Nou te travay avèk dilijans ansanm ak Gouvènè Hochul pou bay aksè ekitab nan swen epi kontinye fè yon efò agresif pou ogmante aksè nan vaksen ak tès COVID-19 ansanm ak Depatman Sante Lokal yo ak Eta New York. Atravè patenarya nou avèk Gouvènè Hochul ak Depatman Sante a, li enpòtan pou kominote yo gen yon opòtinite pou yo fè pati sansibilizasyon kominotè nou an ki montre yon tandans pozitif nan ogmante efò vaksinasyon yo atravè Eta New York".

Anplis de sa, kanal Instagram eta a, [VaccinateNY](#), ede edike Nouyòkè ki nan laj pou lekòl yo ak fanmi yo konsènan vaksen COVID-19 la dirèkteman. Platfòm rezo sosyal sa a bay kontni aksesib ak entèraktif avèk enfòmasyon sou vaksen ki fasil pou konprann, patenarya kontni potansyèl yo, konkou konsepsyon rezo sosyal #VaxtoSchool, ak eksplikasyon vidyeo rapid.

Objektif la se asire tout Nouyòkè yo gen enfòmasyon sou vaksen COVID-19 la. Depatman Sante Eta New York pral ogmante efò edikasyon dijital sa yo tou atravè tout kanal rezo sosyal li yo, tankou Facebook, Instagram ak Twitter.

Sit vaksinasyon tanporè yo sitiye nan adrès yo ki anba a. SOMOS Community Care pral bay vaksen nan lokal nan Vil New York yo epi Inverse Medical pral bay vaksen nan lokal toupatou nan eta a. Yo ka anonse lòt lokal alavni.

Planifikasyon yo ap fèt an konsiltasyon ak ekspè politik sante yo epi vwa Nouyòkè yo pral enfòme tou atravè yon sondaj opinyon piblik Eta a te fè nan mitan mwa jen ki te kesyone rezidan yo sou pwoblèm ki gen rapò ak pandemi an.
